MEMBER OF

Université de technologie de Troyes

Ideally located in the heart of the Champagne region, UTT offers a unique environment for an outstanding cultural, social, & academic experience.

UTT is a top engineering school hosting 3,100 students in programs from undergraduate to doctoral level.

OUR STRENGTHS

- More than 270 international university partners
- High-quality, one-stop-shop services for international students
- Top-notch study programs
- Wide choice of courses at undergraduate and graduate level
- Several courses available in English
- Multiple on-site sports & leisure activities
- Access to laboratory or industrial internships

FALL SEMESTER:

Beginning of September to end of January

SPRING SEMESTER:

End of February to end of June

APPLICATION DEADLINES:

Fall semester:
15 April

Spring semester:
15 October

STUDYING AT UTT

UTT offers the following programs:

MEng:

- Mechanical engineering
- Industrial engineering
- Materials science : technology & economy
- Information Systems & Informatics
- Networks & Telecommunication
- Control & computer engineering
- Materials & Mechanical engineering

MSc:

- Information Systems Security
- Global Applied Security Management & Engineering
- Management & Engineering of Sustainable Development and the Environment
- Advanced Process for Materials & Mechanical Engineering
- Systems Optimization & Safety
- Optics & Nanotechnology (2nd year delivered fully in English)

PhD

- Sociotechnical engineering of knowledge networks and sustainable development
- Materials, Mechanics, Optics and Nanotechnology
- Systems Optimisation and Dependability

For more details on these programs, please visit utt.fr

UTT also offers:

- A large selection of courses at undergraduate & graduate level
- Several courses in English (list available at utt.fr)
- Language courses in French, English, Spanish, German, Chinese, Korean, Italian and Portuguese
- A range of management and humanities courses

Language requirements: B1 in French and /or English

It is highly recommended to have some knowledge of French language before arriving at UTT but students can choose only English-taught courses and do without any French as long as their English level is B1.

Internships

While they are attending their first semester of studies at UTT, any student can apply for an internship, either in one of UTT's 8 laboratories (see "Recherche" at utt.fr to find out about research fields), or at a French company in a field related to their studies. These internships are open to undergraduate and graduate students and last between 2 to 6 months.

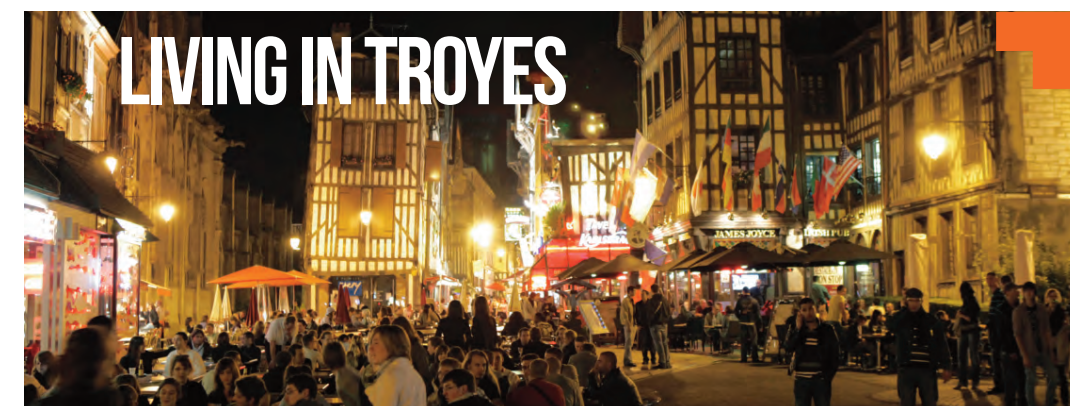

Internship at a UTT laboratory:

- Get up to 30 ECTS credits
- Take part in the daily activities of a research team
- Spend time at one of France's top university laboratories
- Get personal supervision from a UTT professor
- Begin any time of the year.

Industrial internships:

- Get up to 30 ECTS credits
- Get support and advice from UTT's internships service
- Take part in the daily activities of a French company
- Earn a salary (minimum 600 € per month)
- Gain professional experience
- Begin any time of the year

LIVING IN TROYES

Choosing UTT is not only choosing a great school to study engineering, but it's also choosing an ideal city to **get a real taste of French culture!** Troyes is a medium-size city focused on tourist activities and higher education where the cost of living is one of the lowest in France: students need about 700 euros per month to cover all their expenses including food, accommodation and outings. Troyes offers a quiet and safe environment where you can discover its long history that dates back to the medieval times; **some buildings are more than 1,000 years old!** Troyes is no exception to the French culinary traditions and is **famous for its andouillette, cheese, macarons, ratafia and champagne.** Troyes is also home to some reputed clothing brand names and is **well-known all over France for its factory outlets.** Conveniently situated in the heart of the Champagne Region, you can easily get to Paris by train or car-pooling in less than two hours where you can enjoy a visit of the capital or head to another great European city in no time and at a very low cost.
